

NEON 2077

Immerse yourself into the futuristic world of Neon 2077.

This cyberpunk-themed slot transports players to a high tech world full of drones, laser guns and electronic data-filled cases.

Featuring bright neon lights and backgrounds which change depending on the player's time of day, the slot should only be played by the adventurous type.

Those tasked with transportation can expect special sideways scrolling reels featuring a replicator to multiply wins.

A 5x1 horizontal reel runs simultaneously as the main reels spin. If the bonus reel symbol matches any of the symbols above it, a blank in the main reel above is filled with the bonus reel's symbol. Bonus reel symbols are also counted as the game symbols and participate in whole 5x4 layout game wins.
