

CASH GALAXY

OneTouch has enhanced its product offering with its introductory crash game, **Cash Galaxy!** Presenting an intergalactic voyage, the title is primed to deliver an immersive and entertaining gambling experience!

Key Features

- Players can place unique bets in three betting rounds - increasing their chance of winning astronomical rewards!
- A multiplayer-first product that allows players to talk with each other via an in-game chat and see co-players' bets for each round!
- Auto play and auto cashout features, whilst disconnect protection ensures players' winnings are cashed out if they lose connection!

How Cash Galaxy Works

The crash game features three betting areas - players can place bets in one or all three - with unique bets allowed for each section. The bravest travelers that hold on the longest, could see themselves take home the maximum win worth a mouth-watering x10,000!

Staying true to the simplicity of crash games, Cash Galaxy offers an easy gambling experience - allowing all levels of players to enjoy the new release. Additionally, the experience is heightened thanks to the title's social features, that allow players to interact with each other in real-time!
