

MO MO MOOLAH

Get back to basics with Powered by OneTouch's latest prime release, **Mo Mo Moolah**. And if mo' money's what you're after, mo' money's what you'll get with a host of vintage features on show!

This is as scintillating as a 1 line game can get! Choose to play with 1, 2 or 3 reels with cash values for up to a maximum win of 10,500x. Reels needn't match to land a win. The total win of each spin is equal to the total of the numbers that land centred on each active reel.

Land 5 - x - x? 5x win!
Land 1 - x - 0? 10x win!

With all three reels active, the prizes get even bigger!

Land x - 5 - 00? 500x win!
Land 10 - 5 - 00? 10,500x win!

A Respin can be triggered with two or more active reels if a 0 or 00 lands on the reels, regardless of a winning or non-winning spin.

With all reels active, a special Moolah Respin will be triggered when the Cash Stack symbol lands on the third reel! The reel will lock and the first two will respin. If Cash Stacks land on both reels, the It's Raining Moolah feature round will trigger.

In the first reel, 1 of 7 different values will land from between 1 to 50 coins wins, whilst the subsequent two reels will contain multiplier of between 2-4 and 2-10 respectively. The second reel will multiply the coin win on the first reel, whilst the third reel will multiply the new value for potentially massive 2,000x wins.

At the end of the It's Raining Moolah Bonus spin, The 3x1 Big Reel will spin to reveal either another It's Raining Moolah Bonus spin or Take Win symbol to end the Bonus Round. A maximum of 10 It's Raining Moolah Bonus spins can be played.
